

## Integrating your online purchasing practices

### The power of a single interface with smartbuy<sup>®</sup> CONNECT

smartbuy<sup>®</sup> CONNECT creates a single site for the exchange of all procurement documents from purchase orders to goods invoices and receipts.

You can access smartbuy<sup>®</sup> CONNECT directly from your organisation's finance or purchasing system to exchange electronic procurement documents with preferred suppliers.

With smartbuy<sup>®</sup> CONNECT you can embrace complete automation of all your procurement document exchanges with multiple suppliers, achieving significant benefits from the elimination of duplication across different systems.

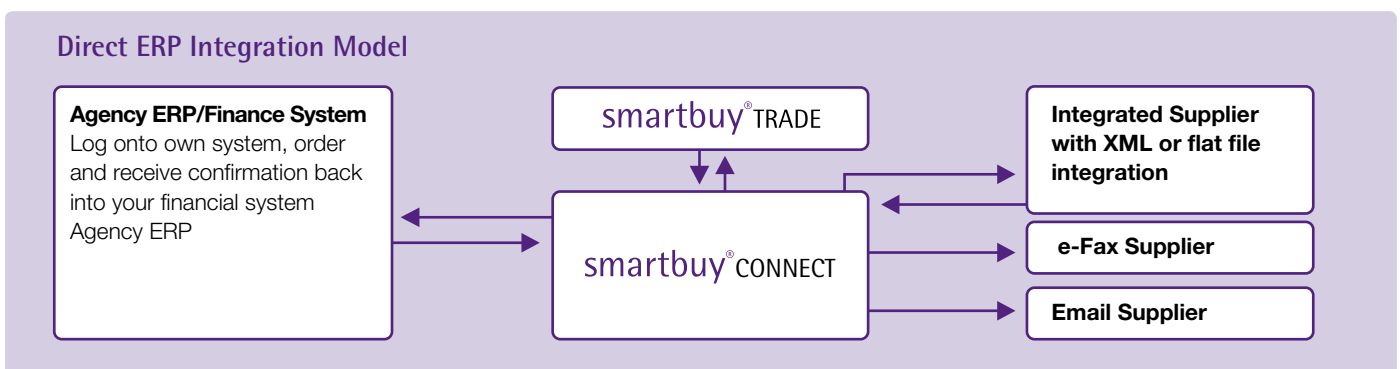

smartbuy<sup>®</sup> CONNECT provides real-time electronic document exchange between a single buyer and multiple suppliers to streamline the purchasing process. Imagine the time savings, accuracy and efficiencies from eliminating the extra work of manual phone ordering and fax purchasing processes.

smartbuy<sup>®</sup> CONNECT eliminates the need for double entry of details at both ends of the purchasing chain, keeps supplier and vendor profiles up to date and reduces communication and order errors.

### Why smartbuy<sup>®</sup> CONNECT?

smartbuy<sup>®</sup> CONNECT creates a powerful connection between the search and purchase functions of smartbuy<sup>®</sup> TRADE, an organisation's finance system and the supplier's system. This provides a closed loop for electronic procurement documents to reduce errors and deliver more information, faster.

### How smartbuy<sup>®</sup> CONNECT works

## smartbuy<sup>®</sup> CONNECT features

smartbuy<sup>®</sup> CONNECT features the following:

- Direct ERP Integration allows document exchange between any of the smartbuy<sup>®</sup> suite and your organisation's finance or management systems
- smartbuy<sup>®</sup> TRADE Integration delivers document exchange between the smartbuy<sup>®</sup> purchasing tool and your finance system to eliminate double entry
- Vendor data cleansing to update supplier and vendor information, keeping trading profiles accurate and relevant
- Invoice management providing three way matching and the facilitation of non-purchase order exchanges
- Standardised connection point for government to access multiple suppliers through various channels
- eFax service to support the centralisation of all purchase communication
