

Your complete electronic procurement solution

Best practice eProcurement

smartbuy® is a complete, secure, electronic purchasing solution designed to maximise efficiencies and deliver savings from the procurement cycle.

smartbuy® delivers solutions for sourcing and purchasing over 170,000 products and services from 12,600 suppliers and contractors.

It also provides the framework for organising the purchase process, streamlining order management, facilitating payments and working efficiently with suppliers.

Importantly, **smartbuy®** provides reports to allow you to better understand your spend patterns and customise your business intelligence.

smartbuy® is designed as an entry point for organisations new to electronic services. The system provides end to end capabilities and can be operational within five working days from commissioning.

smartbuy® also provides solutions for organisations who have already developed their own online systems but want to take advantage of **smartbuy's®** extensive reach and streamlining capabilities. **smartbuy®** can integrate with legacy systems to provide a tailored solution.

As a centre for excellence in eProcurement **smartbuy®** also provides consulting services to help organisations make the jump from paper based systems or to make their current systems more powerful.

Who uses smartbuy®?

smartbuy® was developed specifically for NSW Government agencies, state owned corporations, agencies of the Commonwealth, state and territories as well as local Government bodies, educational institutions, hospitals and community-based or not for profit organisations and charities. It is suitable for large or small organisations.

There are currently 800 organisations using **smartbuy®**.

Why smartbuy®?

The power of **smartbuy®** is its extensive electronic market place where buyers and suppliers can transact quickly, safely and efficiently.

smartbuy® delivers savings through reduction in process costs by an average of \$65 per transaction, cost avoidance of thousands of dollars through the ability to leverage existing extensive ICT and online content, greater compliance to contract expenditure, saving on maverick purchasing and procurement intelligence to drive strategy development and negotiate best value with suppliers.

smartbuy® solutions are designed to deliver the following:

- Ease of use
- Streamlined processes
- Reduced transaction and administration costs
- Quicker purchasing and receipt of goods
- Access to a broad supplier network for goods and services
- Access to specialist product catalogues
- Reduced expenditure on stand alone IT infrastructure
- Intelligent reporting to support Finance and ERP systems
- Increased transparency and compliance
- The advantage of common standards, protocols and systems interoperability

Of course suppliers like **smartbuy®** as well. They also enjoy the benefits of reduced transaction cycles, streamlined administration and improved order management practices.

smartbuy®

The right smartbuy® solution for you

smartbuy® offers five solutions, each designed to allow individual organisations to maximise their online procurement experience.

Organisations can choose just one solution or a solutions package that works best for their current needs.

Each smartbuy® solution is mature, robust, and fully scaleable.

smartbuy® TRADE

smartbuy® TRADE is an entry level product for organisations new to eProcurement. It delivers a single source, easy to use, electronic product and service ordering system.

smartbuy® CONTENT

smartbuy® CONTENT allows organisations to work with suppliers to establish, standardise and maintain individual catalogues in addition to the existing NSW State Government contracts.

smartbuy® CONNECT

smartbuy® CONNECT creates a single entry point providing a one to many document exchange platform. It allows all procurement documents to be electronically exchanged from multiple buying agencies to multiple suppliers.

smartbuy® REPORT

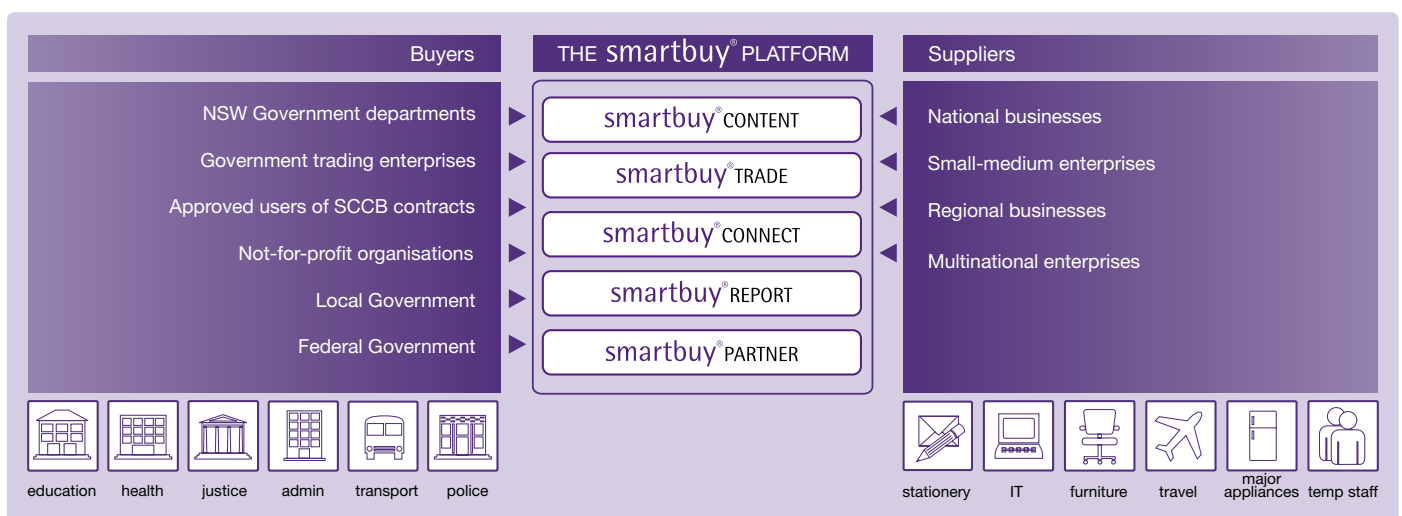

smartbuy® REPORT creates superior information and business intelligence through the provision of standard and customised procurement reports.

smartbuy® PARTNER

smartbuy® PARTNER is a project management and consulting service to assist organisations with eProcurement needs. smartbuy® PARTNER provides change management, business process re-engineering, learning and development and implementation services.
